

# Washington State Genealogy Society

recognizes

*Patricia Gould*

of Richland, Washington

for exceptional and consistent support of the goals and operation of  
Tri-City Genealogical Society

Patricia Gould has provided cheerful support of the Tri-City Genealogical Society through exemplary service as the society's treasurer, a position she held and performed well for six consecutive years. As treasurer, she conquered computer related challenges, successfully passed audits without a significant audit finding, safeguarded the society's funds, tracked budget accounts, and paid all bills and reimbursements in a timely fashion. After stepping down from the treasure position, she became aware of the society's need for a secretary and immediately volunteered to fill that position. Thus she has been on the society's board for seven of her ten years of membership. In addition, she as augmented the society's operating fund by making surplus book and materials available to member at the society's general meetings. The Tri-City Genealogical Society appreciates of her long and continued support.

Given this \_\_\_\_ day of September in the year 2009, at the annual meeting of Washington State Genealogical Society at Spokane, Washington.
