

# Washington State Genealogy Society

recognizes the team of

## *Stanley and Carolyn Slippern*

of Richland, Washington

for exemplary and consistent volunteer service to preserve records as a goal and purpose of the Tri-City Genealogical Society

Stan and Carolyn Slippern have distinguished themselves through their steadfast and unwavering dedication to the preservation of records of great genealogical significance to the Tri-City Genealogical Society and the Columbia River Exhibition of History Science and Technology Museum (CREHST). Over the last five years, Stan and Carolyn have been key volunteers in creating a database which will allow the retrieval of photographs from a 62,000 photographic collection of CREHST. The photographs were generated by the Marlin's Columbia Photography and the North Light Studio that operated in the Tri Cities from 1952-2007 and from 1979-2001 respectively and contains picture of people and events in and around the Tri-Cities area during that time. Stan and Carol effort allows these photographs to be retrievable by the public and genealogy communities.

In addition, Carolyn acted as a temporary membership chairman in our time of need. These activities demonstrate their untiring contributions to the Society's success.

Given this \_\_\_\_ day of September in the year 2009, at the annual meeting of Washington State Genealogical Society at Spokane, Washington.
