

Washington State Genealogical Society
Recognizes

Sandra Floberg

and the TCGS Library Recataloging and Renumbering Team

for exceptional and consistent support of the goals and operation of
the Tri-City Genealogical Society

The Library Recataloging and Renumbering Team has been selected by the Tri-City Genealogical Society (TCGS) as their recipient of a WSGS Outstanding Team Award. The team is comprised of Sandra Floberg, Veronica Anquiano, Linda Stephens, Dan Metzger, Mikal McKinnon and Margie Beldin.

This team has spend hundreds of hours cataloging over 3,000 individual volumes of books jointly held by the TCGS and the Richland Family History Center. The team disposed of duplicates, reviewed holdings, developed an electronic catalog, renumbered the holdings using the Salt Lake Family History Library schema and provided the listing for review by the Salt Lake Library. Once approved, the volumes will be relabeled.

The Library Recataloging and Renumbering Team has dedicated their time and dedication so anyone doing online genealogy research through the Salt Lake Library will be able to identify the holdings in Richland and visit to access them. Their effort demonstrate they richly deserve this recognition.

Given this 22nd day of April in the year 2017, at the annual meeting of the Washington State Genealogical Society at Yakima, Washington.
